

Actimove[®]

A woman with her hair in a bun, wearing a bright green tank top, grey shorts, and a black knee brace on her right knee, is standing on a black and green balance ball. She is in a gym setting with large windows in the background showing green trees. A blue exercise ball is partially visible on the left side of the frame.

Knee Brace

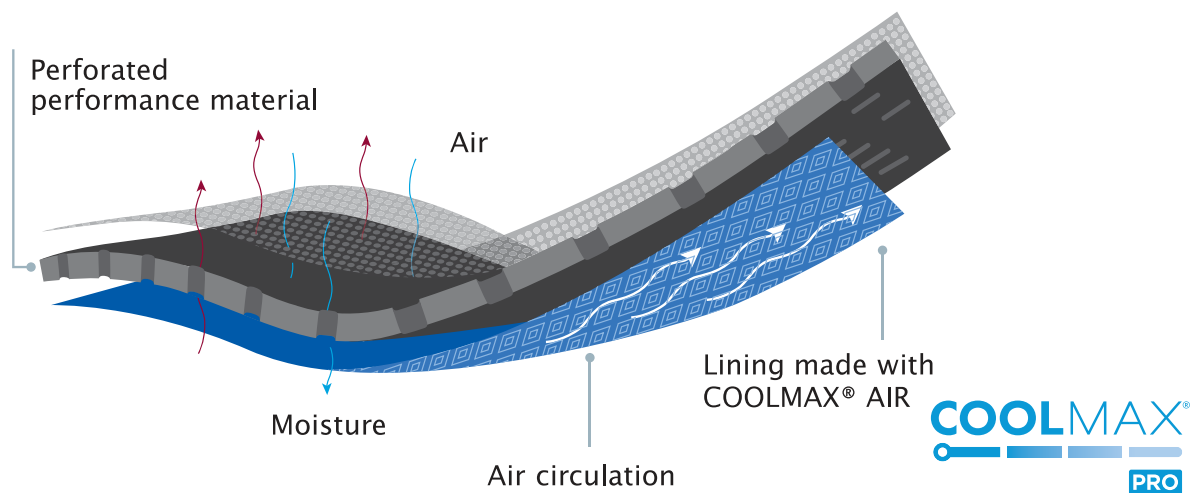

Wrap Around, Polycentric Hinges, Condyle Pads

Knee Brace

Wrap Around, Polycentric Hinges, Condyle Pads

Supports easy application for painful knees through the front wrap closure, with polycentric hinges which are designed to match natural movement.

- Pain relief and healing are supported through balanced warmth and medical compression
- Supports pain-free application through front wrap closure system
- Great comfort with exceptional breathability through quick drying perforated performance material
- Stays in place with improved fit through elastic hook and loop support straps
- Manage knee pain from soft tissue, ligament injuries or osteoarthritis through extra stability from medial and lateral hinges

Indications:

- Light to moderate ACL, LCL, MCL, PCL sprains and tears
- Medial / lateral meniscal tears
- Osteoarthritis
- Knee joint instability

Removable condyle pads

Polycentric hinges
