

Actimove[®]

Feel good. Move better.

Mitella Comfort

Stable arm support

Mitella Comfort

Stable arm support

Actimove® Mitella Comfort is a stable arm support. Patients will benefit from the easy application and breathable material.

- The 5.5cm wide sling eliminates the need for a moving neck pad, while offering comfort by reducing pressure on the back of the neck
- Soft thumb loop allows a stable and supported position of the forearm whilst still allowing full finger movement
- Simple to apply and adjust for an individual fit, O-rings allow simple application and adjustment
- One-handed, self-application is achievable, aided by the hook and loop fastenings and the open and close pocket design
- The gentle breathable pocket material provides protection for clothes or bandaging from dirt and moisture

Indications:

- Post-operative support
- Fracture management such as clavicle, scapular, humeral, and greater tuberosity fractures
- Joint dislocations such as acromioclavicular and sternoclavicular dislocations and shoulder luxation
- Inflammatory diseases such as calcific tendinitis of the rotator cuff
- Minor instability of the shoulder
- Support for hemiplegic patients
- Support while wearing a cast or splint
- Temporary arm stabilisation in emergency or paramedic care

- Machine washable at 40°C
- Radiolucent
- Metal-free
- Latex-free
