Finger CCL 1	U1-A009	1
Finger CCL 2	U2-A011	1
Finger CCL 2 Forte	U3-A013	1

## How to order

Select the garment required, tick the appropriate boxes for the compression class, quantity, colour and any other options required. Ensure all applicable measurement boxes are completed.

Direct orders can be faxed to our Customer Service team. For Drug Tariff reimbursement, the order form needs to be sent to the pharmacy or postal prescription service provider with a completed prescription form (FP10/GP10). They will then fax the order to our Customer Service team.

Our experienced UK Customer Service team are on hand to use their expertise to process your order efficiently and answer any product queries you may have.

## Prescription charges<sup>1</sup>

Where JOBST Elvarex garments are prescribed including specifically prescribed additional options, the dispenser must ensure that full details including order codes are clearly endorsed on the FP10. The additional options for the base garments do not attract any additional prescription charges. One prescription charge is payable where one or more of the same base garment is supplied. More than one prescription charge is payable if different base garments (including different compression class or colour of the same garment type) are ordered.
