Counting on Safety

# The efficient and safe surgical sponge counting and containment system

## Sponge counting bags

The Devon™ Sponge Counting System is a convenient, safe and economical way to ensure correct sponge counts during surgery ensuring all surgical sponges are retrieved and accurately accounted.

Each sponge counting bag features transparent front pockets with a choice of clear or opaque backing.

A wall mounted dispensing rack is available in a single configuration, or I.V. poles mounted racks are available in single or triple configurations.

- For efficient counting and containment of up to five lap sponges or ten 4 x 4's per bag
- Available in clear or opaque back
- Transparent front provides clear, constant visibility for assessing blood loss and counting of sponges
- Dispenser rack available for I.V. pole or wall

### Quick and simple dispensing box
